

African Community Testimonial: Umulkheyr (English, 0:30)

TRANSCRIPT

Hi My name is Umulkheyr Muse, and today I got the vaccine.

And I'm 13, and today I got the vaccine because I want to make the world a better place.

And I want to make this place safe.

And I want me and my family to be safe, and we want to be free [of] COVID.

And everything can go back to normal and how it was before.

Please take your vaccine so everyone can be healthy.
