

“We have never made the time to sit and talk about [our son’s] hearing loss the way we did yesterday, so it was actually a great experience and pretty eye opening for us.”

-Mother of child with confirmed hearing loss

What is MinneStories?

We record and share families' stories about their own, personal experience of being impacted by newborn screening. Through the power of storytelling, we seek to inspire hope and build community through shared experiences.

Why would you want my MinneStory?

Every family has a unique story to tell, especially families of children with a condition that can be identified through newborn screening. Your story may be what another family needs to hear to feel empowered, strengthened, and hopeful.

Everyone has a story to tell. We want yours!

Contact us at health.minnestories@state.mn.us

“I hope that other families can feel at ease after listening to our story, and just stay positive and live your life like normal.”

-Mother of a child with cystic fibrosis
